ODEW EMIS-ITC Call – 7/22/2024
Notes provided by Gretchen Martin (ACCESS) and BreAnn Blubaugh (LACA)

Global Outage – ODEW was able to get the EMIS servers up and running to allow data to be transferred properly on Friday evening. On Saturday, the State IT Department was able to get all of the servers running in order to have data submissions processed over the weekend. Various areas were checked to ensure submissions were processed correctly. Secure Data Center was updated as well.

Data Appeals - The appeals system is running properly again. Districts are able to submit appeals as they check their data. ODEW opened the collection request for the first round of approved appeals this morning. Districts that did have their appeal approved should be able to submit their collection to the Data Collector now in order for them to submit corrected data. All available appeals currently open are set to close on Friday, July 26th. So, if districts need to submit an appeal for one of the available appeal windows, they need to do so by 5:00 p.m. on Friday. As appeals are approved, ODEW will open the collections as quickly as possible. The deadline to submit corrected data for approved appeals is August 2nd at 5:00 p.m.

> Open Appeal Windows
